PRICE FIVE CENTS

CHINESE SOLDIERS FIRE ON RUSSIANS

Defense Rests in Leahy Sanity Trial After Calling Sister

HOME TOWN STUFF

To brighten up the day's work comes a brief note praising the action of the City Commission in having names of streets painted on the curbs at street intersections along the paved streets. "But," avers our correspondent, "what about the streets that are not paved? There is no way of telling the names of streets, except where they are paved and therefore have curbs."

Which statement is entirely correct, but it must be remembered that something must be done about having some marker on which to paint the street names and that such markers will cost money. Where there are no street curbs, the problem could be solved by placing a concrete block to mark the corner and the names could be painted on these blocks. An improvement of this kind, however, will cost considerable money and no doubt the expense factor in this case is the determining one. The City Commission would doubtless like very much to make the improvement, except for the cost.

There is one way that the street signs could be improved considerably. By painting on the curb the serial numbers in each block, the person searching for a certain number on Wilbarger Street, for instance, could readily locate the particular number for which he might happen to be searching. The signs would work out something after this fashion: "2100 Block Wilbarger Street." This system is being used in many large cities, like Vernon, Dallas, Wichita Falls, etc., except that we have allowed some of these latter cities to get a trifle ahead of us in the matter of marking the streets.

People ride in automobiles these days. They don't walk along the sidewalks. This older method of travel made it easy for one to read the numbers on the houses as he passed along. But it isn't easy to read house numbers from an automobile driving along the street. If you slow up to read the house numbers, somebody who is in a hurry is likely to bump into your car.

Yesterday afternoon L. G. Hawkins, president of the Waggoner National Bank, noticed a bunch of average American boys on the sidewalk. There were seven. All, except one, wore overalls. Six were barefoot and most of them were wearing hats in various states of disrepair. You couldn't tell from the garb of the lads whether they were so-called "poor" folks or from the homes of some of the business people. Boys are that way, when left alone. They are most comfortable in old clothes with dirty ones having an enjoying preference. It is only when fond mothers dress up boys that they look different. But these boys were spinning yo-yos and engaging in usual boy talk. Mr. Hawkins asked them if they lived in Vernon. They replied in the affirmative, without losing a stroke on their yo-yos. But the next question brought all yo-yos suddenly to a stop. Mr. Hawkins asked them if they would like to have some ice cream cones. There was a chorus of emphatic "yes-sir," and then the party, with Mr. Hawkins at the head, filed into a drug store. If the American Legion wants a nomination for the "most useful citizen" contest, those seven boys will be willing to put up a name for consideration.

If you wonder why automobile manufacturers have quit specifying the passenger capacity of cars and instead, refer to them as "one seat," "two-seat," etc., you can get the answer by watching some of the small one-seat coupes carrying anywhere from four to eight passengers. They apply, of course, only to young people. Older folks, somehow, don't seem to go in so strong for this kind of double parking.

PRISON WARDEN STATES BELIEF MAN IS NORMAL

Sister Tells of Severe Case of Fever Suffered by Defendant Several Years Ago and Says She Had Noticed That a Change Had Come Over Him.

Georgetown, July 25.—(A-P)—After calling one witness, Mrs. J. R. Sullivan of Corpus Christi, sister of the defendant, the defense in the Harry J. Leahy, sanity trial rested this morning and a recess was granted state's attorneys that they might arrange their list of witnesses. Mrs. Sullivan, who followed to the stand several witnesses of yesterday who testified regarding Leahy's condition, said that at the age of 20 the defendant had suffered a severe case of fever and was delirious and highly nervous. In October of last year she testified that she noticed a change had come over him and this had increased his nervousness. After the recess, the State called as its first witness E. F. Harrell, warden of the penitentiary. He testified he had known Leahy since February of this year and had talked with and observed him closely. "In my opinion," he related, "he is sane, knows the consequences of murder and knows of his impending fate."

The warden testified that when he notified Leahy he would not be electrocuted on July 12, the defendant was unmoved and had little to say. Lee M. Taylor, formerly of Georgetown, testified he was an accountant at the penitentiary and had conversed with Leahy since he was brought to the prison. He said from his conversation he had noticed nothing different from other men in the defendant and said he believed Leahy knew right from wrong.

TORRID WAVE TO CONTINUE

MIDDLE WEST SWEEPED BY LOW TEMPERATURE WEDNESDAY

Chicago, July 25.—(A-P)—The middle west steamed yesterday with the rest of the country in torrid temperatures and excessive humidity. Government forecasters predicted even higher temperatures today.

Occasional thunderstorms and showers served only to increase the humidity already oppressive. Chicago, which had experienced relief when lake breezes pushed the temperature down 20 degrees in a short time Tuesday, found the coolness of short duration and sweated again under a 91 degree temperature. Beaches were crowded to capacity.

Milwaukee recorded 92 degrees, while Wisconsin sizzled. Two deaths were reported in both that state and two in Illinois.

The hottest spot in the country was Phoenix, Ariz., where 108 degrees was recorded.

QUANAH SHERIFF STOPS ATTEMPTED JAIL BREAK

Quanah, July 25.—(A-P)—Sheriff Gargett Hawkins frustrated a jail break Tuesday night when he visited the jail and found a negro, confined for forgery, ready to take his leave through a hole in the ceiling. The negro had been placed in the west end of the jail usually reserved for women prisoners, and when the sheriff brought two women to the jail and started to transfer the negro to the men's quarters he found he was not there. Search revealed the hole in the ceiling, through which the sheriff crawled and found the negro in the attic.

MAN KILLS SELF WHEN ACCUSED BY YOUNG GIRL

St. Louis, July 25.—(A-P)—Jack Gans, 29, former Little Rock, Ark., broker, shot and killed himself in a hotel room last night as police attempted to enter to arrest him on a charge preferred by a 17-year-old former beauty contest winner and chorus girl at the Garden Theatre. Fifteen minutes before the shooting, the girl, Miss Murial Doherty, appeared at a police station with a tale of being lured into Gans' room struck with a rolling pin, trussed to a bed and attacked.

POPE LEAVES VATICAN FOR FIRST TIME SINCE 1870

Vatican City, July 25.—(A-P)—Pope Pius XI, the first pontiff to emerge from the vatican since the fall of temporal power in 1870, came out of St. Peter's basilica this evening bringing to an end the long voluntary imprisonment of the head of the Roman Catholic Church.

BLAST ROCKS CHICAGO LOOP

NO ONE INJURED ALTHOUGH EXPLOSION OCCURS BUSINESS AREA

Chicago, July 25.—(A-P)—The loop, billion dollar heart of Chicago business, was rocked shortly before last midnight by a bomb explosion. No one among the thousands of persons who were in the south end of the loop at the time was hurt, a circumstance which police regarded as miraculous, for glass rained from upper story windows for many minutes.

The bomb had been placed in an alley entrance of the Davis Company Department store, less than 35 feet from Jackson boulevard swarming with homebound motorists, and about midway between two loop arteries, Wabash Avenue and State Street. Philip Iwanski, garbage collector, came upon the bomb, so neatly packaged he believed it to be a bundle someone had dropped. He picked it up and one end of it was warm. He thought it contained sandwiches, and he put it carefully back where he found it, and walked away. A moment later, he told police, he decided to retrieve the package "before someone else did."

As he turned, the bomb exploded.

GOVERNOR MOODY SIGNS RURAL SCHOOL MEASURE

Austin, July 25.—(A-P)—Governor Moody Wednesday signed the rural aid bill carrying \$5,000,000 for the support of financially weak schools during 1930-31, the first major appropriation measure to be acted upon.

A \$5,500,000 appropriation passed by the second special session was vetoed by the chief executive at the same time all other money bills were sent back to the Legislature to be re-drafted.

A portion of the sum totaling \$800,000 will be used to pay tuition of rural high school students who have been forced to leave their resident districts to obtain a high school education.

CALIFORNIA DESERT TAKES LIVES OF ENTIRE FAMILY

Blythe, Calif., July 25.—(A-P)—How a family of seven perished of thirst on the scorching desert south of here after having drunk the water from the radiator of their disabled motor car has been revealed to the police of Blythe by six Mexican youths. The boys reported the bodies of the victims, believed to be Mr. and Mrs. Enrique Armenta and their five children, were found scattered in the vicinity of a disabled automobile near a seldom used desert road 33 miles south of Blythe. Nine heat deaths in four days were reported from the Imperial Valley.

MAN SERIOUSLY HURT IN 30-FOOT FALL IN FIELD

Electra, July 25.—(A-P)—Little hopes are held for the recovery of Pierpont Hagan, 21, who sustained fractures at the base of the skull and a broken arm and leg in a 30-foot fall from a derrick on the Staley Wynne lease, in the Waggoner pasture oil field, where he was employed on a drilling rig. The accident occurred at 8:30 Wednesday morning. He was unconscious when picked up by fellow employees and had not regained consciousness at 3 p. m.

SIX KILLED IN BLAST IN AMSTERDAM FACTORY

Amsterdam, July 25.—(A-P)—Six persons were killed, seven seriously injured and eleven others less seriously hurt in an explosion at a potato flour factory at Veendam yesterday.

AIR ENDURANCE PLANE NEARING 300-HOUR MARK

Motor Still Functioning Fine and Flyer Declares He Cannot Come Down Until Houston Attempt Fails—Men in High Spirits.

St. Louis, July 25.—(A-P)—Announcing in notes dropped this morning that "everything is fine" and the motor is "showing no signs of giving in," Dale "Red" Jackson and Forest O'Brien piloted their St. Louis Robins on into the thirteenth day of their endurance flight above Lambert-St. Louis field today. At 1:17 p. m. (C. S. T.) the flyers completed 294 hours in the air and had exceeded the former world's endurance mark by 46 hours, or nearly two days.

O'Brien inquired in a message as to the progress being made by the Houston, Texas, endurance plane "Billion Dollar City," now well up toward the 240-hour mark, and added: "You know we can't land with them up; they might pass us, and that will never do."

"Our motor sure is feeling good this morning," wrote Jackson in a note addressed to P. V. "Shorty" Chaffee and C. Ray Wassal, refueling crew for the endurance plane. "Just like a race horse," he added. "It wants to run away every chance it gets; can hardly hold it down. O'Brien is singing his usual morning song. I'm sure in a fine place between the motor and O'Brien. Can't tell who makes the most noise but you can tell them apart as O'Brien has more vibration at high speed. I know now why the tail surface shakes."

FIVE HURT AS CAB EXPLODES

COLLISION OF TWO CARS FOLLOWED BY BLAST AT SAN ANTONIO

San Antonio, July 25.—(A-P)—Five persons were in hospitals today suffering from burns, as a result of the explosion of a taxicab, following a collision.

Fred Fest, city motorcycle policeman, Harold Owens, David Rodriguez, N. E. Todd, driver of the taxicab, Eddie Garza. Todd's injuries, hospital attendants said, were serious.

The taxicab and another car, police said, collided at a street intersection, and the taxi turned over.

A small crowd gathered, and motorcycle Officer Fest responded to a call. Suddenly there was an explosion, and burning gasoline was thrown over the officer, the driver of the car and three bystanders.

BURGLARS ENTER VERNON CLEANING PLANT IN NIGHT

Burglars entered the shop of the Vernon Cleaners & Dyers, 1619 Pease Street, last night and escaped with a pair of new shoes belonging to Truett Lynn, employee of the shop. Entrance was gained when a rear window was forced. No arrest had been made this morning in connection with the burglary, although local officers are working on the case.

DAMAGE IN EXPLOSION IN BERLIN ESTIMATED HIGH

Berlin, July 25.—(A-P)—Damage to the industrial suburb of Borsigwalde in yesterday's explosion and fire was estimated variously today at from half a million to a million marks (\$125,000 to \$240,000). All workers apparently were accounted for, and eleven of the twelve injured it was believed would survive.

MINNESOTA CONTINUES ON IN ENDURANCE EFFORT

Minneapolis, Minn., July 25.—(A-P)—The monoplane, the Minnesota, piloted by Owen Haugland and Captain P. L. Crichton, today continued its effort to break the endurance record for planes. At 10 a. m., (central standard time) the plane had been in the air 63 hours and 20 minutes.

BRECKENRIDGE WOMAN DIES IN AUTO WRECK

Weatherford, Texas, July 25.—(A-P)—Mrs. E. L. Russell, wife of a Breckenridge grain dealer, died here today shortly after receiving a fractured skull in an automobile accident two miles east of here. A son and two daughters escaped injury. The accident occurred when the car, driven by the son, overturned on slippery pavement in attempting to avoid striking a truck. The party was en route to Ardmore, Oklahoma.

PILOT SET FOR PACIFIC FLIGHT

LONG HOP MAY GET UNDER WAY AT DAWN FRIDAY AT TACOMA

Tacoma, Wash., July 25.—(A-P)—A test flight today was expected to make Lieutenant Harold Bromley ready for his projected non-stop flight from Tacoma to Tokyo, 4,700 miles. If the test flight satisfies the aviator, and if the weather permits, he probably will start the long hop at dawn tomorrow.

The work of checking the instruments of Bromley's plane, the City of Tacoma, continued until late yesterday and ended with the enthusiastic "OK" of C. W. Paxson, the Pratt and Whitney motor expert, and mechanics from the Lockheed aircraft plant where the ship was built.

While the plane was being examined workmen were busy constructing a ramp at the end of the 5,400 foot runway down which the plane will roar on the takeoff. Starting down this incline, which is 20 feet high, it is figured the plane will gain an initial momentum equal to that which an additional 1,000 feet of runway would permit.

THINKS PROHIBITION IS WORKING VERY WELL NOW

Manchester, England, July 25.—(A-P)—Dr. William Mayo, of the Mayo Clinic of Rochester, Minn., thinks the temperance movement is doing very well in the United States.

Speaking today at the annual breakfast of the National Temperance League he declared: "The great middle class in America is no longer drinking. The class at the top and the dregs at the bottom are still at it. The saloon is gone and no one wants it back. Liquor is scarce and what there is is not safe."

TWO RECEIVE FURLOUGHS FROM GOV. MOODY TODAY

Austin, July 25.—(A-P)—James C. Duke, convicted of criminal assault in Navarro County in 1924 and given a 25-year sentence, was allowed a furlough not to exceed 30 days today in view of that he might be taken to Houston for medical treatment.

J. B. Bivens, serving a one-year sentence for violation of the prohibition law in Kaufman County, was given a thirty day furlough by Governor Moody that he might visit his wife, seriously ill at Terrell.

BAD CHARACTER SHOT TO DEATH IN MEXICO

Ciudad Bravos, State of Guerrero, Mexico, July 25.—(A-P)—Reports reaching here from Ayutla say that Delino Sanchez, a "bad character," was shot to death on the street by Judge Jesus Del Castillo, after Sanchez had been released in connection with a murder. Sanchez was held while the killing was investigated, but was released and was strolling away from the jail when he met the judge and was shot. The reports say townspeople are incensed at the judges action.

POSSIBILITY OF WHEAT EMBARGO IS FORESEEN

Dallas, July 25.—(A-P)—Possibility of a wheat embargo at Fort Worth is admitted by R. C. Andrews, district manager of the car service division of the American Railway Association, but he sees a trend in the other direction. Mr. Andrews said last night that although wheat accumulations there are "rather excessive," he did not foresee any immediate embargo.

HATCHER OUT FOR GOVERNOR IN 1930 RACE

Says Making Candidacy in Response to Public Necessity for Someone to Be Elected to Office Who Is Not Afraid to Speak Out.

Dallas, Texas, July 25.—Gregory Hatcher, state treasurer today announced his candidacy for Governor. "In response to the urging of friends and admirers," Hatcher said, "and to what I believe to be a public necessity for someone to be elected to the office who is not afraid to speak out in the cause of the people—'The great common herd,' if I may be pardoned for that term—I make public announcement of my candidacy as a candidate for Governor subject to the 1930 Democratic primaries," said Mr. Hatcher's prepared statement.

"It has been a rule of my life to strike at wrong, whenever and wherever I have seen it, and to defend right in the front line trenches and it may be that I can now best serve my maker and my state by making this fight from high places—that of course to be determined by the voters."

CONNALLY RAPS CONSOLIDATION

TEXAS SENATOR DECLARES ANTI-TRUST LAWS NOT BEING ENFORCED

Washington, July 25.—(A-P)—Charging the anti-trust laws have not been enforced, Senator Connally, Democrat, Texas, predicted today Congress would be forced to approach the problem of mergers and consolidations from a new angle. He declared the "formation of monopolies dealing in the necessities of life constitute a menace to the industrial freedom of the country" and that it is "a problem Congress must meet."

"Either far-reaching amendments to the anti-trust laws must be enacted," he said, "or a new method of regulating the activities of such monopolies and trusts in interstate commerce must be set up."

"The anti-trust laws have not been enforced," he said. "Under the last administration, the Department of Justice seemed either in sympathy with or indifferent to these great consolidations. It may be because through development of modern methods of financing and pyramiding of holding companies, the law is not adequate to meet present conditions."

WOMAN AND 2 CHILDREN HURT IN AUTO WRECK

Lockhart, Texas, July 25.—(A-P)—Mrs. Luke C. Terry, whose husband was killed in an automobile accident a year ago, and her two children were injured near Flatonia yesterday when their car struck loose gravel as they were returning from Galveston. They were brought to Lockhart.

BANK AT ROCKEFELLER'S WINTER HOME IS CLOSED

Ormond Beach, Fla., July 25.—(A-P)—The bank of Ormond, only bank in this winter home of John D. Rockefeller, failed to open its doors today and was placed in the hands of the state banking department by order of the board of directors.

LARGEST WOOL CROP IN 35 YEARS REPORTED FOR 1929

Washington, July 25.—(A-P)—The United States wool crop for 1929 was the largest in 35 years. The total production was estimated by the Bureau of Agricultural Economics at 301,866,700 pounds, an increase of 2,753,000 pounds over the 1928 record.

Furlough Given.

San Antonio, July 25.—(A-P)—Joe Bradley, under a five-year sentence in the penitentiary for holding up and robbing Leo Toepperwein, bank messenger here, of \$5,000, was released from the Bexar County jail yesterday when Sheriff Alfonso Newton, Jr., received a 30 day furlough for Bradley signed by Governor Dan Moody.

WHEAT PRICES JUMP FIVE CENTS ON BUSHEL

Chicago, July 25.—(A-P)—Wheat prices responded to new distress signals from the northwest spring wheat regions today by jumping five cents a bushel and closing near the top figures for the day, at net advances of 4 1-8 to 4 3-4 cents. July wheat finished at \$1.42 1-2, September at \$1.46 1-4 to 1-2, December \$1.53 5-8 to 3-4, and March, \$1.58 1-4.

1,000-GALLON STILL CAPTURED

CORSICANA OFFICERS NAB THREE MEN AND 900 GALLONS IN RAID

Corsicana, Texas, July 25.—(A-P)—One of the largest stills ever uncovered in this section was loaded last night by deputy constables E. W. Warnell and John B. and two federal agents. It was located about a mile south of Richland. Three men were arrested, and about 900 gallons of whiskey were confiscated.

The still was located in the rear of a farm house, and from the ground level appeared to be a large feeding shed with a sheet iron roof and concrete floor. A switch concealed under some hails operated a hydraulic elevator that gave access to the still in an underground chamber. The cave, approximately 10 feet high, 26 feet wide and 100 feet long, was equipped with an electric lighting and ventilating system. The still proper was made of the best quality of copper and had a capacity of 1,000 gallons.

Courts To Fight Over One To Try Dry Agent Killer

Oklahoma City, July 25.—(A-P)—A battle to decide in which court—State or Federal—W. W. Thomason, Federal prohibition enforcement officer, and Jeff Harris, under cover man, will be tried for murder, loomed today.

Both men have been bound over to district court on charges of murder in connection with the slaying of two Oklahoma farmers, James C. Harris and his brother-in-law, Oscar Lowery, during a liquor raid on the Harris farm July 4.

Yesterday the Federal government stepped in, when the United States District Court, through an order signed by E. S. Vaughn, U. S. District Judge, assumed jurisdiction of the men and brought them from the Pottawatomie County jail, where they were being held without bond, to an Oklahoma City jail.

POLICEMEN CHARGED WITH TRYING TO FRAME CHIEF

Dallas, July 25.—(A-P)—Plainclothes policemen Mike F. Higgins and A. B. Farrow were out of work at least temporarily today pending a hearing on charges that they conspired to attempt "compromising" their chief, Police Commissioner W. C. Graves. The officers were suspended on a formal charge of insubordination. Their demand for a trial before the mayor and Board of Commissioners will be granted, Mr. Graves said. The Commissioner declared he had evidence that Higgins and Farrow, both with long records on the force, had importuned a woman to invite Mr. Graves to a house for a "beer party," the policemen planning to break in and pounce upon their superior.

Liquor Permits Decline.

Austin, July 25.—(A-P)—Protests of physicians at the recent Texas Medical convention at Brownsville against the legalized sale of liquor by prescription have been reflected in a sharp decline in a number of doctors who will issue whiskey prescriptions, records in the comptroller's department reveal. During the first six months of 1928, 3,945 permits to prescribe liquor have been allowed, a check of the comptroller's department showed.

TROOPS CLASH AFTER PLANES ARE FIRED ON

Shooting Believed to Have Been Caused Merely by Excitability and Nervousness of Soldiers—Sounds of Conflicting Soon Die Out.

London, July 25.—(A-P)—Reuters' dispatches from Tokyo today quoted a telegram from Manchuli, Manchuria, saying Chinese troops had fired on five Soviet airplanes which appeared over the border town about 7 a. m. Later in the morning distant sounds of firing were heard, but they died down shortly afterward. The shooting was believed to have been caused merely by the excitability and nervousness of the Chinese troops. The newspaper Nichi in a special dispatch from Manchuli said Russian and Chinese troops had opened fire on each other when sixteen Russian airplanes appeared over the city.

HOUSTON PLANE FACING STORM

PILOTS INSIST THEY WILL BREAK WHATEVER MARK MADE IN ST. LOUIS

Houston, July 25.—(A-P)—A thunderstorm was brewing on the Gulf Coast today as the monoplane Billion Dollar City dipped and turned high above in its dogged pursuit of a refueling endurance flight record.

Prepared for its possible storm test, the plane at midnight has been in the air more than 178 hours and the pilots, Glenn L. Loomis and Joe Glass, held fast to their declaration that they would attempt to stay up long enough to beat whatever mark the St. Louis Robin may set up in Missouri.

COAST GUARD CUTTER ON WAY TO SHIP AGROUND

Seattle, July 25.—(A-P)—The Coast Guard cutter Haida today was steaming to the aid of the American Hawaiian Steamship Company's freighter Golden Forest which called for help yesterday, saying it had been driven ashore on Avatanak Island, one of the Aleutian group. Radio advices indicated the Golden Forest's crew of 35 was not in danger. The ship ran aground while on her way to meet the cutter Haida to obtain aid for her second officer, who was suffering from blood poisoning.

OFFICIAL VOTE RETURNS FORWARDED TO AUSTIN

Official returns for Wilbarger County in the recent election on two amendments to the constitution have been forwarded to the Secretary of State at Austin by County Judge J. V. Townsend. The official vote on the amendment increasing the number of Supreme Court judges from three to nine and providing for continuous sessions of the Court was 235 for and 158 against. On the proposal to increase the Governor's salary from \$4,000 to \$10,000 a year the vote was 242 for and 171 against.

MAIL STEAMER AGROUND OFF COAST OF COLUMBIA

Panama, July 25.—(A-P)—The mail steamer Venezuela went aground on Salomandra bank off the coast of Colombia today. The ship which is stranded eighteen miles from Cartagena, was en route from San Francisco to New York by way of Cartagena Puerto with 138 passengers and a crew of 149. The shipping board steamer Iola will arrive at the scene this morning.

SCHOOL TRANSFER SLIPS TO BE TURNED IN BY JULY 31

All parents of Wilbarger County school children who wish to transfer their children to other districts for the next school session must sign transfer blanks in the office of the County Superintendent by July 31. A large number of transfers have already been made but none will be received after July 31, it was announced today.

Major HER
Floc

Old the
the

and Miss May
well are visiting Mr.
Myers this week.

Adson has returned to Pam-
a visit with his parents, Dr.
J. E. Dodson.

Miss Mary Hazel Zachry is visiting
friends and relatives in Dallas this
week.

Miss Josephine Bradley was dis-
missed from a local hospital today
following a tonsil operation.

Mr. and Mrs. R. R. Donaghey of
Vernon returned from a visit to East
Texas and to Mineral Wells last
night.

Mr. and Mrs. Fred G. Scott and
daughter, Anita, of Dallas are visit-
ing Mrs. J. A. Walker of Vernon, on
their return from Colorado.

Mrs. Frank Cox and two sons of
Martley are visiting Mr. and Mrs.
Earl Madden of Vernon this week.
Mrs. Cox is Mrs. Madden's sister.

Mrs. Hattie Champion and son,
Tommy, and Mrs. Myrtle Mayes, all
of Arlington, are visitors at the home
of J. D. Key.

J. C. Cook of Truscott underwent
a tonsil and adenoid operation here
yesterday at the office of Dr. W. L.
Rhodes.

Mr. and Mrs. Leonard Clark and
son, Leonard Jr., and Hermon Hollo-
way left this morning for Colorado
where they will spend about ten days.

Mr. and Mrs. J. A. Jackson and
little son Fred, of Oklahoma City will
arrive today to visit with Mrs. Jack-
son's parents, Mr. and Mrs. J. S. Blan-
ton.

Mr. and Mrs. R. D. L. Killough left
this morning for Manitou, Colo.,
where they will join their daughter,
Josephine, who is at Camp Kinnick-
innick.

Mrs. W. D. Dixon has returned
from Amarillo where she has been
visiting her sister, Mrs. Joe V. Moore.
Mrs. Moore returned with her for a
visit.

Mr. and Mrs. S. A. Castlebury and
daughter, Mrs. Leon Brown, and son,
Steve Jr., will leave tomorrow for
Honey Grove to visit Mrs. Castle-
bury's brother, Ed Whitley and fam-
ily.

Mrs. J. L. Tull and daughters,
Thelma and Dorothy, returned Tues-
day night from Boulder where Mrs.
Tull and Thelma have been for the
last five weeks. Dorothy has been in
the University since last fall. She
will graduate next June.

Card of Thanks.
We are very grateful to the many
friends who were so kind during the
illness and death of our loved one,
Glenetta.

To those who assisted in any way
to add to her comfort or ministered
to us during our sorrow, we are sin-
cerely grateful.

Iowa Park, Texas,
Farm Manager
Suffered 3 Years

J. W. Yarbov Says "Orgatone
Has Made a New Man of
Me."

Mr. J. W. Yarbov, a prominent and
well-known citizen living at Iowa
Park, route 2, and farm manager for
several large farms in Iowa Park and
vicinity, while in Allison's Drug
Store made the following statement:

"For over three long years I have
been in a terrible condition. I was
very badly run-down, and was both-
ered with a severe case of indiges-
tion. I couldn't eat anything for my
appetite was entirely gone. I was
nervous and restless all the time and
felt as if I couldn't do anything, be-
cause I didn't have the life and en-
ergy. Gas formed on my stomach and
caused a bloating sensation and my
heart would palpitate faster than it
was supposed to. I never got a good
night's rest for after every meal I
would be in perfect misery for two
or three hours afterward. I was get-
ting in such a condition that I was
afraid to eat anything at all.

"Orgatone was so highly advertised
by all who have taken it and all of
the local people have said so much
for it I decided to try it. I am simply
getting wonderful results. I now have
a good appetite and eat anything I
want. Food does not sour or gas
does not form on my stomach any
more. I am not near as nervous as I
was. Orgatone is helping me to get
much better and it has certainly
proved its worth to me. It had, in fact,
made a new man of me and I do not
hesitate to tell what it has done."

Genuine Orgatone is not a so-called
patent or secret remedy but a new
scientific bile treatment containing
no alcohol or other false stimulating
drugs and is sold in Vernon exclu-
sively by the Vernon Drug Company
who are direct laboratory agents.

New York, July 25.—(P)—Cotton
opened steady at a decline of 5 to 10
points under renewed liquidation
and some local or commission house
selling influenced by private reports
of rain in parts of Texas, relatively
easy cables and talk of probable high
end-July condition figures. October
sold off to 18.63 and January to 18.75,
making net declines of about 9 to 14
points on the new crop positions.
There was covering at the lower
prices, and the market steadied up a
few points.

Trading in current July contracts
ended at midday. The last sale of that
position was at 18.33 or not unchanged.
New crop positions after the early
decline of about 10 to 14 points stead-
ied after the posting of the weather
map which showed less rain than ex-
pected. Offerings were comparatively
light late in the morning and prices
more than recovered their early losses
on covering or rebuying, showing net

New Orleans, July 25.—(P)—Due to
rather indifferent cables, the market
here opened slightly easier, first
trades showing losses of 3 to 4 points.
Constant appearances of new bales,
fears of early movement of the new
cotton and hedge selling, caused the
market to continue easing off. Octo-
ber traded down to 18.43 and Decem-
ber to 18.61, or 14 points for both
months below yesterday's close.

Near the end of the first hour the
market rallied 6 to 8 points on a little
covering by recent sellers.
The market turned firmer on the
impression it had been over-sold
also on many reports from the inter-
ior of spreading activity of the boll
weevil. Shorts covered rather freely,
forcing October up to 18.75 and De-
cember to 18.92, or 25 to 26 points up
from the earlier lows.
At mid-session the market was
steady and within a point or two of
the top.

Salmon Mold for Luncheon.
(A party Menu.)
Summer Cocktail
Salmon and Vegetable Mold
Potato Chips
Cheese Bars
Orange Sherbet Delight Coffee

Salmon and Vegetable Mold, serving 6
1 package lemon flavored gelatin mixture
1 cup boiling water
1-2 cup salad dressing
1-4 teaspoon salt
2-3 cup canned salmon
2-3 cup cooked peas
1-2 cup diced celery
2 tablespoons chopped green peppers
4 tablespoons chopped sweet pickles
Pour the boiling water over the gelatin mixture and stir until it has dissolved. Cool. Fold in the rest of the ingredients and pour into a mold, which has been dipped in cold water. Set in a cold place to stiffen. Unmold on lettuce leaves and surround with salad dressing.

Cheese Bars.
2 cups flour
4 teaspoons baking powder
1-4 teaspoon salt
3 tablespoons lard
2-3 cup milk
3 tablespoons soft butter
1-2 cup finely grated cheese
Mix the flour, baking powder and salt. Cut in the lard with a knife. Mix with the knife, slowly add the milk until a soft dough forms. Divide it in halves. Pat out one half until very thin. Spread with the butter and cheese and cover with the other half. Press together and cut in bars 2 by 1-2 inch. Place three inches apart on greased baking sheets and bake in a moderate oven for 12 minutes. Serve hot.

Orange Sherbet Delight.
6 individual sponge cakes
1 pint orange sherbet
1 cup stiffly whipped cream
3 tablespoons sugar
1-2 teaspoon vanilla
1-2 cup diced marshmallows
1-3 cup almonds
Mix and chill the cream, sugar, vanilla, marshmallows and nuts. Serve the sherbet on top of the cakes and cover with the cream mixture. Serve at once with a fork.

MRS. LEHMAN HOSTESS TO NEEDLECRAFT CLUB

Mrs. L. G. Lehman was hostess to members of the Needlecraft Club Wednesday afternoon at her home on Yamparika Street.

The meeting was opened with roll call, and was followed by a business session.

The afternoon was devoted to needle art work, after which a delicious salad course was served to Mrs. W. F. Hingt, Mrs. John Krebs, Mrs. J. A. Birnbaum, Mrs. Walter Hoffmann, Mrs. Ed Krebs, Mrs. Paul Kneschke, Mrs. E. B. Kunkel, Misses Amanda Karcher, Mary Kohler, Louise Lowke, Margie Wills of St. Louis, Alice Kohle of Clifton, and the hostess, Mrs. Lehman.

China and Russia Expected To Open Peace Discussion

London, July 25.—(AP)—Official quarters today awaited definite word of opening of direct negotiations between Soviet Russia and nationalist China for solution of the Chinese Eastern controversy. They felt all but certain hostilities between the two nations have been averted.

It was believed possible the direct negotiations following preliminary meetings of which first notice was received yesterday, had already begun either at Harbin or Mukden, seat of the Manchurian capital.

The Russian plenipotentiary, it was believed, would be either L. B. Serbiakov, member of the railroad commissariat who was said to have proceeded to Harbin, or B. N. Meinikov, Soviet Consul General at Harbin, or both. General Chang Tso Hsing, Governor of Kirin Province, Manchuria, was the only Chinese mentioned in connection with the negotiations.

THIRTY-ONE CANDIDATES SEEK DEGREES AT T. C. U.

Fort Worth, July 25.—(AP)—Thirty-one candidates are announced as constituting the August graduating class of Texas Christian University, 24 seeking Bachelor's and seven seeking Master's degrees, which in addition to the 145 who took degrees on June 3 will bring the total for the year to 176, according to E. R. Tucker, registrar.

Record classified ads bring results.

LINDBERGH PHOTOGRAPHS INDIANS RUINS FROM AIR

Santa Fe, N. M., July 25.—(AP)—Indian ruins have been photographed from the air with an aerial camera by Colonel Charles A. Lindbergh.

Colonel Lindbergh brought the films here yesterday, and they were developed in the laboratory of the American School of Research.

With announcement of the pictures was revealed the latest invocation of modern science in the study of antiquity. Lindbergh's pictures destined for the Carnegie Institute and photographs taken from another plane for the American School of Research were pronounced by Dr. R. L. Hewett of the board of research the first successful application of aerial photography to archaeological purposes.

SOUTHWESTERN CHAMPION MEETS HAYWARD TODAY

Shreveport, La., July 25.—(AP)—Edwin McClure, youthful Louisiana State champion who became medalist with 144 strokes for the 36-hole qualifying rounds in the Southwestern championship golf tournament here, matched his skill today against W. L. Howard of New Orleans in the first round championship flight today. McClure's qualifying rounds were played in two over par.

Though the dashing 17-year-old ex-caddy of Dallas, Ralph Guldahl played the course in higher figures yesterday than in the first rounds of the qualifying, he registered as runner-up to the medalist for the 36 holes with 74. On the first day Guldahl exhibited 34's for the two nines.

TERRELL WILL NOT SEEK AGRICULTURE POST AGAIN

Austin, July 25.—George B. Terrell, Commissioner of Agriculture for the past nine years, will not be a candidate for the office in 1931, he announced Wednesday.

The veteran office-holder said that he had informed friends that he would retire to his farm near Alto after completing his fifth term. Prior to becoming Commissioner of Agriculture, Terrell served as a member of the House of Representatives during the Thirty-second, Thirty-third and Thirty-fourth Legislatures.

Representative Sam Bateman of Celina recently indicated that he would be a candidate for Terrell's post. Representatives Henry Webb of Odessa, and J. C. Albritton of Yorktown, also were mentioned as candidates for the office.

TEXAS LEAGUE UMPIRE ON WAY TO NEW RECORD

Houston, July 25.—(AP)—George Barr, popular Texas League umpire, is on his way to an endurance record for arbiters. He has officiated six consecutive seasons without missing a game, the last four years in the Texas League.

Until their separation several days ago, Barr and Ziggy Sears were considered the best umpirical combination in the circuit. Barr has been under surveillance of several American and National League agents and may go up next year.

E. R. Hawkins of Vernon returned last night from a business trip to Abilene.

TEXAS RAILWAY INCOMES SHOW GAIN THIS YEAR

Austin, July 25.—The net income of Texas railroads showed an increase of \$1,954,859 for the five months ending May 31, over the same period last year, according to a report compiled by the Railroad Commission.

The net income for the period this year was \$12,520,271, compared with \$10,565,372 for 1928.

MRS. ERVIN LEBUS IS HOSTESS TO BRIDGE CLUB

Mrs. Ervin LeBus entertained the members of the Wednesday Bridge Club, and other guests, Wednesday morning at 9:30 o'clock at her home on Lamar Street.

Mrs. Jimmie Murrell won high club prize, and Mrs. Hugh Bourland was presented with high guest prize.

A dainty salad course was served to Mrs. Ben Leutwyler, Mrs. Damon Shive, Mrs. Harold Shive, Miss Dorothy Cook, Mrs. Jimmie Murrell, Mrs.

CHRISTIANS BLANK METHODISTS BY SCORE OF 4 TO 0

WINNERS SCORE QUARTET OF RUNS IN THIRD AFTER EVEN BATTLE IN REST OF CONTEST

The league standing: TEAM— G. W. L. Pct. Christians 7 5 2 .714 Methodists 7 3 4 .429 Baptists 7 2 5 .286

The Christian Sunday School ball club took a tighter grasp on the second rung of the league ladder by shutting the Methodists out with a 4 to 0 score yesterday. The four Christians tallies came in a burst of enthusiasm in the third frame when three singles, an error and a passed ball gave them the only breaks of the day, otherwise an airtight gameless might have been prolonged.

There still is a chance for the Presbyterian team to be tied for first place honors, and should the Christians win their remaining two games, and the Presbyterians lose their last one to the Methodists, the final play-off series would be between the Baptists and the Christians. The Baptists could tie the Presbyterians by winning two games, with the aid of the other teams of the league.

Considerable difficulty was experienced by the managers yesterday in assembling their material, with the result that a rather slow and listless game was played. Wilkins took the mound for the Christians and went the route, allowing five hits. Gilbert Bourland started the pitching game for the Methodists but was sent to the outfield after allowing a series of hits and runs in the third. Smith, Methodist first baseman, relieved Bourland to hurl the last frame.

The Methodists got three on bases in the first inning as a result of two singles and an error. Bell and Smith singled but Bell was thrown out at third when Richards bounced to Wilkins. Wilkins' long double to center field was the attraction of the first inning, but three other Christian batsmen went out before reaching first.

Both sides were retired in order in the second, and the Methodists went down in order in the third. Golden started the Christian third with a sharp rap to Carney that took an inconceivable hop before the second baseman could handle it. Dalmasso hit one to Bell who did well to knock it down, otherwise a double would have been registered. Golden stole second, and Burgess was safe on a choice as Dalmasso went out, Bell to Robinson. Wilkins singled, scoring Golden. Shoemaker grounded to Robinson who fumbled it for the only error of the day. Currin's infield hit sent Burgess across the plate, and Koonitz's sacrifice fly to Murchison brought Wilkins in. A passed ball registered a tally for Shoemaker. Wright swung three times to close the inning.

The most serious Methodist threat came in the fourth when Smith walked and went to third on Murchison's hit. Richards and Thompson struck out to save the run. Bourland tapped one to Burgess who caught Murchison at second.

Dalmasso went to third in the Christian fourth when he singled, stole second, and then third. Burgess walked, and the line was held for three outs. Robinson registered a single in the fifth, but failed to advance beyond second before the game was brought to a close.

The box score:

Two-base hits—Wilkins. Double play—Burgess to Koonitz to Dalmasso. Left on bases—Christians 4, Methodists 5. Time of game—1 hour, 20 minutes. Umpires—Lisman, Bridges.

FLINT RHEM TO JOIN HOUSTON

BUFFS EXPECTED TO MAKE STIFF FIGHT FOR LAST HALF

(By The Associated Press)

The entire complexion of the Texas League race was altered late yesterday by a short announcement from Minneapolis that Flint Rhem, former Cardinal ace, was on his way to join the Houston Buffaloes. He will report as the Dixie champions close their long home stay and start touring the circuit.

Word that the star right hander, who played a prominent role in the Cardinals' drive to a world championship several years ago, will blaze them across in the Texas League the remainder of the season very probably means that the Buffs will be in there fighting for the second half title right to the tape.

Add Rhem to a staff composed of Jim Lindsey, Joe Brown, Art Reinhardt, Paul Wachtel, Gerald Myers and Schelberg and the Bisons have just about the sweetest mound corps in the league. Lindsey, Brown, Reinhardt and Wachtel have been pitching sterling ball, and if Rhem can deliver anything like he should Manager Bailey will have five stars to work in rotation.

The Junior Cards today are only a half game out of the lead, the result of their second victory in three starts against Shreveport. Lindsey scored his fifteenth triumph when he let the Sports down with four hits and trounced them, 10 to 1, in the final.

This afternoon the Buffs open a two-game series with Dallas, marking the last phase of the present series of inter-sectional conflicts.

Earl Caldwell pitched the Cubs into a virtual tie with the Spudgers for the pinacle when he stopped the invaders, 2 to 1, in the series opener at Katy Park. In gaining his fifteenth verdict the Rogers school master gave up only seven hits. Wiltsie allowed a like number, but one of them happened to be a homer by Wayne Windle.

The Steers decreased the distance between their cellar position and the peak to four and one-half contests by blanking the Exporters, 5 to 0, in their final Sergeant George Connally kept seven blows scattered and struck out three. The loss threw the Shippers back into a tie with Houston for third place.

John Storey of Vernon returned yesterday from Dallas, where he had been on business.

Cats Lost Game Because of Ump's Poor Visibility

Fort Worth, July 25.—(AP)—A player's presence of mind, combined with and umpire's limited visibility, once cost the Fort Worth Cats a ball game, related Roy Meehan, club secretary, here recently.

On the day in question the late Paul Sentell was the only umpire on the field. Roy Story was playing center field for the opposition. It was growing late when Fort Worth went into the eighth inning one run behind.

The Cats got men on second and third with two out. The batter socked a low one over second and Story came tearing in. Grabbing the ball on its first short bounce, Story rolled it toward the infield, as does an outfielder after the third out, and ran for his bench.

"You're out," roared Sentell, and there was an accompanying roar from the Cat dugout. So vociferous were the Panthers that Sentell finally agreed to ask the outfielder.

"Did you catch that ball?" he asked Story. "Sure," was the reply, and Sentell stuck by his decision. That broke up the rally and the Cats were easy victims in the ninth.

Fort Worth players continued to moan about the play the next day and, becoming suspicious, Sentell decided to query Story again.

"Did you catch that ball?" he asked, meaningly.

"Didn't you see me," was the reply. "Sure I did. I answered what you asked me and told the truth. But if you had asked me if I caught the ball before it hit the ground, I'd have told you different."

Words failed Sentell.

WITH \$160,000 GATE ASSURED DUNDEE-FIELDS FIGHT CHIEF WORRY NOW IS OVER WEATHER

Detroit, July 25.—(AP)—With a gate of more than \$160,000 assured for the first 15-round championship fight in Michigan under the new boxing law, Floyd Fitzsimmons' chief worry today was the weather which threatened to dampen the ardor of 62,000 fight fans who purchased tickets for the Joe Dundee-Jackie Fields welterweight championship battle at the Michigan state fair grounds tonight.

Dundee, Italian champion from Baltimore, has not shown any considerable fighting ability since he gained the title two years ago and consequently will enter the ring tonight strongly suspected of being about to lose his crown. Fields, who is five years younger and carries considerably less ring experience, has come up rapidly and has plenty of betting support.

Elmer (Slim) McClelland, Detroit referee, will be the third man in the ring.

Handlers of both fighters have announced their boys are in perfect condition, and would offer no alibis regardless of the outcome of the fight.

Fields indicated he did not intend to let the prestige of the champion impress him. "I mean to come out of the ring the new welterweight champion," he declared. "I'm going to box and punch Dundee off his feet."

Dundee also expressed confidence as to the outcome of the fight.

"I am in the best shape I have been in years," he asserted. "I hope to make my best fight in defending my title against Fields."

Fain & McGaha Team Defeated by Phillips Club

The consistent winning streak of the Fain & McGaha ball team was broken yesterday when the Phillips Petroleum Company took the heavy end of a 3 to 2 score at the Phillips Camp field. It was the first loss of the Fain & McGaha team for the season. It has won ten games.

The sensational pitching of Gene Townsend proved the downfall of the heretofore invincible oilers. Townsend was "right" as he hurled a four-hit game, striking out six opposing batsmen and walking only one. Davenport, pitching for the visitors, allowed eight hits.

The three Phillips runs came in the fifth inning, and the invaders were held scoreless for the first five of the seven inning game.

Score by innings:
Fain & McGaha 000 001 1-2 4 1
Phillips 000 030 x-3 8 3

TILDEN MEETS COCHET AND LOTT GETS BOROTRA

Paris, July 25.—(AP)—Staged with all solemnity in the presence of diplomats, the draw for the Davis cup challenge round between France and America resulted today in George Lott being paired with Jean Borotra and Big Bill Tilden with Henri Cochet for the opening two singles matches tomorrow at Roland garros stadium.

There was a slight tendency to lengthen the odds but with plenty of American money in evidence, the figures were no more than 2 to 1 against the chances of the United States.

Goodyear Tubes at proportionately low cost

Attractive Low Prices on Goodyear All-Weathers and Double Eagles

WHEN YOU consider the purchase of another make of tire, ask yourself if it contains the values made possible by Goodyear experience and science, proceeding from the largest tire engineering and development corps in the industry.

Ask yourself if it can possibly approach Goodyear measure of excellence, enabled by the fact that Goodyear production is easily twice that of any other manufacturer.

Ask yourself what can weigh against that outstanding superiority in Goodyear Tires which last year gave Goodyear a percentage of gain in sales more than three times the percentage of gain in production recorded for the tire industry as a whole!

WHEN you have considered fundamentals like these you will be proof against the specious plea of the tire dealer who advances the misstatement "All tires are about alike."

You will understand why it is true throughout the world this year as for fourteen years past, that "more people ride on Goodyear Tires than on any other kind!"

And because Goodyear Tires cost little if anything more to buy than others, you will realize they cost less to use, and will want their savings and satisfaction for yourself.

Greater tread traction — greater carcass vitality — we can demonstrate these superiorities in Goodyear Tires

CUBS BACK IN LEAGUE LEAD

HACK WILSON'S BIG BAT CRUSHES GIANTS IN WEDNESDAY GAME

(By The Associated Press)

The Chicago Cubs are back in the first place in the National League today, prodded there by the toughest fighter of them all, burly Hack Wilson.

For it was "Hackenschmidt," with an architectural style that resembles a quarter section of a fortress wall, who crushed the New York Giants, with his big bat yesterday after even the elements had seemed to contrive to keep intact a slender one point margin of the leading Pirates.

The scene was set nicely for the graceful ascent of the Cubs into first place when things began to happen that called for sterner, busqueter methods. For the second straight day, the malevolent Brooklyn Robins, going nowhere in particular but mightily pugnacious about it, swarmed all over the Pirates and beat them 6 to 4.

Everything was peaceful at Wrigley Field. With Guy Bush, ace of the Cub staff going nicely, the Cubs ran up a lead of 4-0 on the Giants by the time the sixth inning rolled around. Rogers Hornsby hit one homer off Jack Scott, his 20th of the season, and Hack got another his 24th. Everything was under perfect control from a Cub standpoint.

Then the Giants rose and slashed Bush for three runs in the sixth, thunder and lightning swept the field, and the game halted while spectators and players rushed through the down-pour from flooded bleachers and dug-outs. The sun came out in an hour and play was resumed. Bush was out of there. In a few minutes so was Art Nehf and before the interrupted sixth was over Pat Malone was hanging on the ropes and the Giants were leading, 7-4.

But John McGraw's discarded chickens have a habit of coming home to roost—right on his neck—at such times as these. It was the master mind who sent Hack Wilson to Toledo in 1925 after three poor seasons with the Giants. Hack waited until the seventh when Heathcote and Hornsby singled and then smashed his second homer of the day into the center field bleachers. These three runs evened things. A walk, sacrifice, and McMillan's single gave the boys from the pineapple orchard an 8-7 victory and first place by half a game.

The remainder of the National League battling was interesting but inconclusive. While the situation along the American League sector remained unchanged with the New York Yankees and Philadelphia Athletics winning the day's jousts.

The A's kept their ten game lead intact by downing Cleveland 5-3, and the Yanks crept up from behind to beat out Detroit, 7-5.

The Cards downed the Phillies 6-4, when Wallie Rottger, right fielder, hit a homer with the bases full in the sixth and Jimmy Wilson got an-

other with Rottger aboard in the eighth.

The Boston teams struck blows for the home folks both home and abroad. The Braves bested Cincinnati 5-3 and the Red Sox took the St. Louis American 9 to 1. Bob Burke won a pitching battle with Alphonse Thomas as Washington edged out the Chicago Americans, 3 to 2.

GOLFERS ASSAULT PAR IN CANADIAN OPEN PLAY

Kanawaki, Que., July 25.—(AP)—Some of the best golfers, professional and amateur, in the United States and Canada, started out today with joy in their hearts to assault par in the Canadian open champion.

A great field gathered for the title event, rich in prestige but offering only a nominal monetary award. The winner will get only \$100, no matter how much he shaves par, but if a pro takes the title, and a pro always has, he can cash in heavily by having it after his name.

At least two strong amateur threats appeared, George Von Elm and Ross Somerville, and there may be others lurking in the shadows. Leo Diegel, who won the championship for the third time last year, found his path to a fourth honor disputed by practically every star pro in the business.

FIGHTS LAST NIGHT

(By The Associated Press)

New York—Al Singer, New York, knocked out Andre Routis, (2). Joey Medill, Chicago, outpointed Stanislaus Loayza, Chile, (10). Jack "Kid" Berg, England, outpointed Mushy Calahan, California, (10). Chicago—Les Mariner, Champaign, Ill., outpointed Tony Puento, Mexico, (6). Salvatore Ruggiero, Italy, knocked out Jack League, Texas, (5). Paul Pantaleo, Chicago, knocked out Mitz Minikel, Milwaukee, (2). Al Friedman, Boston, and Pete Wiswort, Chicago, drew, (6).

Cincinnati—Vincent Hambright, Cincinnati, knocked out Tony Sanders, Chicago, (5). Jimmy Read, Erie, Pa., outpointed Jimmy Neal, Cincinnati, (10).

GLENN WRIGHT IS RETIRED FOR SEASON AFTER INJURY

New York, July 25.—(AP)—Glenn Wright, crippled shortstop of the Brooklyn Robins, has been placed on the retired list for the remainder of the season and will undergo an operation on his right shoulder next week, the club offices announced today. Wright came to Brooklyn from Pittsburgh in a trade for Jess Petty.

HOUSTON HIGH EXPECTED TO HAVE STRONG EVEN

Houston, July 25.—(AP)—Negotiations during the summer months have given Houston high school athletes an intersectional flavor and there are indications that more unusual tilts are brewing.

Paul Tyson will bring his Waco High School Tigers here Oct. 19 for a game with John Reagan of Houston which will add inter-district spice to the local gridiron diet. The last Houston and Waco met, Waco won 124 to 0.

Coach Arnold Krichamer plans to take his basketball team on an extended tour during the Christmas holidays. Tentative plans call for contests at New Orleans, Kansas City, St. Louis and several towns in Indiana. The trip to be climaxed with the Muncie, Ind., quintet. Muncie counts that season lost when it does not produce a state championship five.

Brownsville, one of the strongest of then Rio Grande Valley football teams, is casting about for a Houston opponent and it is probable that one of the local teams will snap up the offer before fall.

Mrs. W. N. Stokes and son, Robert, left yesterday for a few days visit with Mrs. Stokes' brother, L. B. Simmons of Duncan, Okla.

Berlin Has Yankee School.

Berlin, July 25.—(AP)—The "Star Spangled Banner," sung by eighteen American boys and girls, marked the end of a first experimental year in conducting an American school on German soil. B. W. Randolph, chairman of the school board, said the young institution is indispensable to the American colony.

ENGLISH JUDGE ADJOURNS TRIAL FOR AMERICAN

London, July 25.—(AP)—The manslaughter trial of Richard Joshua Reynolds, wealthy 23-year-old American, came to an abrupt and sensational end today.

The judge discharged the jury and adjourned the case for retrial when it was reported to him the jury foreman had been seen in conversation last night with two witnesses for the defense.

Justice Humphrey exonerated the American defendant from any blame in connection with the incident causing the mistrial.

In Memory of Sister Rena M. Watts. Whereas God has removed from our midst one of our beloved members, to dwell with Him, in that country where death comes naught and from where no traveler returns; Be it resolved:

Vernon Chapter No. 424, Order of the Eastern Star, extend to the members of her family our utmost sympathy, and point them, for consolation, to our Master who alone can console in this hour.

Be it further resolved that a copy of these resolutions be sent the family, printed in the paper and spread upon our minutes.

KELLOGG SEES DISARMAMENT AS NEXT STEP

**Expresses Confidence That Pact
Renouncing War as Instru-
ment of National Policy Will
Soon Be Accepted by All Na-
tions of World.**

Washington, July 25.—(AP)—Naval disarmament among the nations of the world is regarded by Frank B. Kellogg, former Secretary of State, as a natural step to follow the general treaty for the renunciation of war and one which should be pushed forward by the naval powers.

Mr. Kellogg, whose name is linked with that of Foreign Minister Briand of France in the popular title of the treaty, came to Washington at the invitation of President Hoover and Secretary Stimson to witness the ceremony of the final proclamation of the pact for which he worked so strenuously while in office.

"At the outset," he told the Associated Press in an interview, "I want to express my full appreciation of the efforts of Foreign Minister Briand and of France in the part which he played in cooperating in the final consummation of the effort toward the preservation of world peace."

"M. Briand first initiated the peace effort in his message to the American people through the Associated Press on the occasion of the anniversary of America's entrance into the World War a little more than two years ago. Since that time, we have seen the pact accepted by nearly all of the nations of the world and I am entirely confident that it will be accepted by all of the nations."

Asked what he considered the most effective way of making the treaty a certain means of preserving peace, he pointed out that its value had been demonstrated in two major world disputes which have developed since it

was signed in Paris last August. He remarked it had played a large part in leading toward an amicable settlement of the present breach between China and Russia and said he believed it also influenced the preservation of peace between Bolivia and Paraguay in their dispute last December over the Gran Chaco.

"Show Boat" Will Open at Vernon Coming Sunday

Manager R. D. Sparks of the Vernon Theatre announces that "Show Boat," the super talking and singing version of the famous Edna Ferber novel, is coming to the screen of that theatre Sunday. This should be interesting news for theatre goers here, as "Show Boat" is reported to be one of the most entertaining films ever made.

It is a Universal production, sponsored by Carl Laemmle, and directed by Harry Pollard, with Laura La Plante and Joseph Schildkraut in the leading roles. Such favorites as Otis Harlan, Emily Fitzroy and Alma Rubens are featured in the strong cast.

By special arrangement with Florenz Ziegfeld, producer of the stage musical extravaganza, "Show Boat" from the same story, the Laemmle picture includes movie-toned highlights from the show, with such popular Ziegfeld stars as Helen Morgan, Jules Bledsoe and Aunt Jemima singing their popular song hits from the Ziegfeld musical comedy.

The screen production is rich in music, from the strident steam cal-

BRADY APPROVES PLAN FOR PROVIDING AIRPORT

Brady, July 25.—(AP)—Construction of a proposed new airport has been approved unanimously by the Brady City Council.

A long-term lease was signed for a 157-acre tract of land located on Highway No. 9, three miles south of town. This site has been approved by the U. S. Department of Commerce. The new field will be 3,222 by 2,583 feet, large enough to provide ample runways for any type of aircraft. The new field has good drainage and a

splendid turf which will eliminate the expense of building artificial runways.

Hazel Hale of Wheeler Mill, Ky., has ridden a pony to school every day for four years. She estimates she has traveled 8,000 miles on horseback.

Stomach Troubles Headache and Dizziness

If your stomach is sick, you are sick all over. If you can't digest your food, you lose strength, get nervous and feel as tired when you get up as when you went to bed.

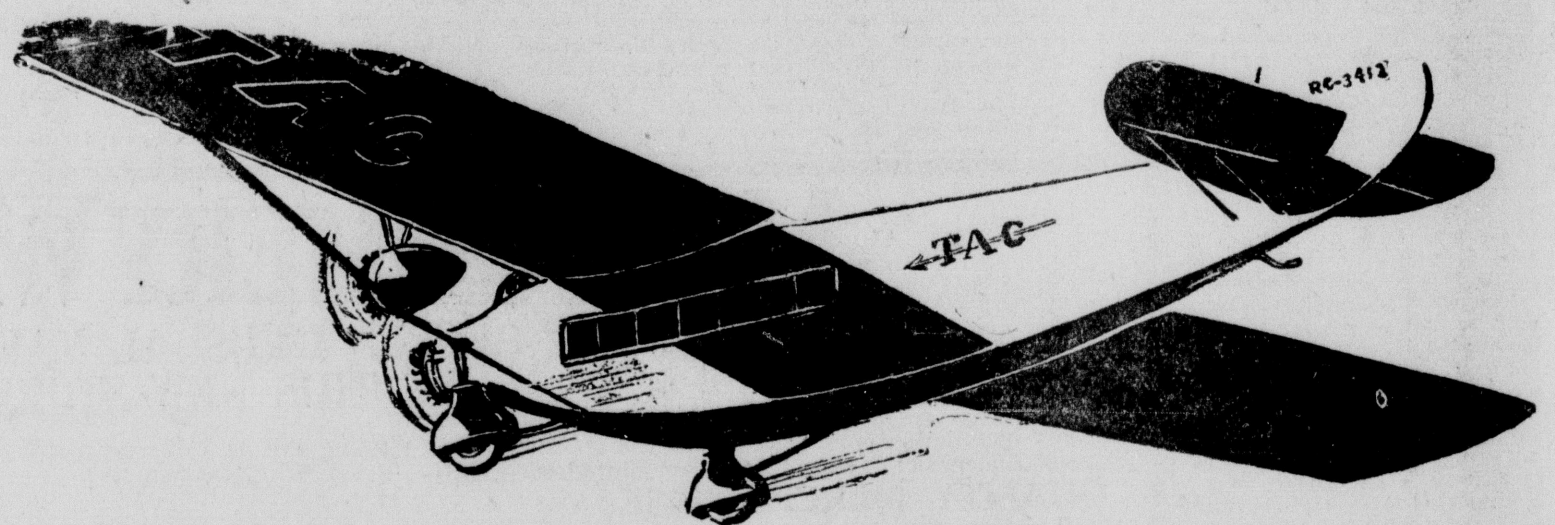

For 10 years Tanlac has restored to health and activity many thousands who suffered just as you do.

Mr. John Robertson, of 822 Spring St., Little Rock, Ark., says: "I couldn't eat anything, couldn't sleep, and working was almost an impossibility. But after 3 bottles of Tanlac I could eat a bull's horn and sleep like a log!"

Let Tanlac do for you what it did for this sufferer. It corrects the most obstinate digestive troubles—relieves gas, pains in the stomach and bowels. It restores appetite, vigor and sound sleep.

Tanlac is made of roots, barks and herbs. The cost is less than 2 cents a dose. Get a bottle from your druggist today. Your money back if it doesn't help you.

TARIFF AND PROSPERITY

The difficulty which Italy is having in bolstering its commercial balance is illustrative of the results that may be expected to be magnified by further upward revision of the American tariff and exclusion of still more foreign products from the American market.

The Italian minister of economy reveals that in the year 1928 the superiority of imports over exports was \$502,250,000, or \$146,440,000 more than in 1927. Obviously, if Italy continues to pay out more money than she takes in, on an increasing scale such as this, the nation must soon go bankrupt.

It does not suffice for Americans to selfishly contend that problems of this nature are no concern of ours. They are of vital concern, even from a selfish standpoint. The prosperity of our industrial system today is largely dependent upon the market abroad for the steadily increasing surplus that American organization and mass production methods are creating. If foreign countries reach the point where they are unable to buy, American industrial plants must operate on a curtailed schedule, thereby disrupting American prosperity.

It is significant that such a broad-minded business man as Henry Ford is urging that the product of his factories, automobiles, be left on the free list. It is also of great import that the Wall Street Journal, staunch champion of big business, has openly announced its opposition to the House tariff program. It takes the ground that protection tends to become a substitute for efficiency and that American manufacturers can easily meet the competition of foreign countries, and continue to pay high wages for labor, by applying efficiency methods effectively. Certainly there is reason to believe that the lowered costs of production brought about by mass output should tend to offset the difference between the price paid for American labor and that paid in foreign lands.

The American industrial prosperity of the present is founded on mass production, not on any prodigious margin of profit on each article manufactured. Any move that promises to interfere with the cycle of mass production and consumption is a menace to the economic structure of the nation.

Which type of prosperity holds the most hope of permanent economic stability, that based on the mass production cycle of the present, or the profiteering type of a few decades ago? Anyone with average intelligence knows the answer to that question, but some of the lawmakers at Washington apparently are trying to sponsor a revival of the old type.

INTEREST NEEDED

The bond issue for the construction

tion of a new high school building at a cost of approximately \$70,000 in the newly consolidated school district in this county was authorized by a very close vote. The margin was only two votes. It doubtless would be interesting to test the attitude of the voters relative to the plan after the new system has been in operation for a year or two.

Apparently, if the number of votes polled are to be accepted as an indication, the people of the consolidated district are not greatly interested in the schools. Out of five former school districts, about 180 votes were cast on the issue which involved construction of the new building and equalization of taxes.

Perhaps this lack of interest on the part of the rural public accounts in a large measure for the present state of rural schools, which are far from as efficient and as advanced as they should be. However, until the people manifest an interest in improving them, whether improvement comes through consolidation or by other methods, they are likely to remain in the present state, and the rural child must be denied an opportunity equal to that of his urban contemporary.

Voters may reasonably oppose consolidation, but apathy toward any movement calculated to improve the system is hardly excusable, because improvement is desirable from every point of view, and it should come as quickly as possible. No one can sanely argue that the rural student attending the one- or two-teacher school has the opportunities for advancement and proper mental development that he should have and that are accorded others. This means that the rural youngsters, generally speaking, are doomed to inferiority in later life. This is not a healthy nor desirable state, but the solution is in the hands of rural residents. It is not forthcoming until they convince a desire for it.

Are You Putting Away a Slice of Your Prosperity?

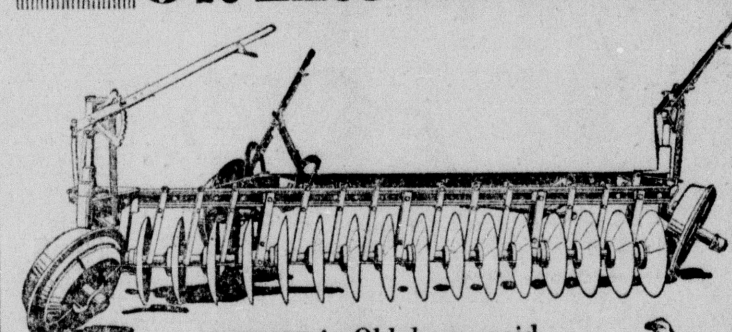

WHAT is meant by that word "Prosperity"? Successful progress in any business or enterprise. Accomplish this by saving either weekly or monthly, and do this consistently. Maybe \$5, \$10, or \$25 a month or more that you can accumulate in an account with us.

THE FIRST STATE BANK
Vernon, Texas

TOMORROW IS DOLLAR DAY AT

WILLIAM'S Department Store

He Made Good On His Boast

A FARMER in Oklahoma said he could drive along the road and pick out the fields fitted with the Case-Grand Detour Wheatland Disk Plow just by noting the better condition of the crop. And what's more, he succeeded in doing it in a good many cases.

This Wheatland is a real plow—don't get it confused with a disk harrow. You can get down 6 inches deep if you like and very often the field is left in prime condition for seeding without another lick of work. Saves time and money—increases the yield.

It fits any condition of soil or power because width (and consequently draft) is easily adjustable by removal of sections and proper angling. Even though disks are in separate sections, all the blades turn as one—an exclusive Case feature—whi carries the plow through trash without clogging.

See the Case Wheatland Disk Plow. Let us point out to you its many desirable features. Come in anytime.

SIX in the price range of the four!

The Chevrolet Six is scoring a sensational nationwide success because it provides everything you want in a fine, sturdy automobile—yet it actually sells in the price range of the four. See and drive this remarkable six-cylinder car.

for \$595

f. o. b. factory
Flint, Michigan

you can now buy in the CHEVROLET SIX...

Six-Cylinder Smoothness

The inherent balance of six-cylinder, valve-in-head design assures the smooth, velvety flow of power that distinguishes the fine automobile.

Six-Cylinder Acceleration

A non-detonating, high-compression cylinder head and automatic acceleration pump give the new Chevrolet Six remarkable qualities of acceleration.

Six-Cylinder Power

No hill is so steep or no road so difficult that the new Chevrolet Six does not easily "come through" with an abundance of reserve power.

Better than 20 Miles to the Gallon
Chevrolet engineers spent years of research and development to perfect a six-cylinder motor that delivers better than twenty miles to the gallon.

Beautiful Fisher Bodies

Rare beauty, smartness and comfort are provided in the Bodies by Fisher. Hardwood and steel construction gives them unusual strength and safety.

Remarkable Handling Ease

Full ball bearing steering, an easy gear-shift, and powerful, non-locking, four-wheel brakes enable you to drive for hours with perfect comfort.

Every Modern Convenience

Including foot-controlled headlamps, electric motor temperature indicator, theft-proof Electrolock and adjustable driver's seat in all closed models.

Quality that Endures

The Chevrolet Six is built to the highest standards of quality, assuring years of dependable service with minimum upkeep expense.

A SIX IN THE PRICE RANGE OF THE FOUR

Prohibition Laws Necessary in United States But Not Needed in England, Claims 'New Lady Astor'

By NEA Service.

London, July 25.—There's another Lady Astor in British politics.

Mrs. Zelia Hoffman, born in Evansville, Ind., and naturalized in England about a year ago, has come in for a large share of public attention since she ran for Parliament recently as a Liberal.

Mrs. Hoffman was less fortunate than Lady Astor, who was elected, as she was defeated four to one, but she declares she did not expect to win in her first attempt, anyway.

Mrs. Hoffman has resided in England for a number of years. She has a town house in London and two country homes where she entertains

the hunting set on a lavish scale.

"Prohibition? For America, yes. For England, no. In America, with its dry and bracing climate, there is no need for drink. In England, with its damp climate, there is a decided need for it. Besides, England is a peaceful and law-abiding country."

Before the election, Mrs. Hoffman said: "I am going to fight the Socialist party because it is out to destroy English traditions, and traditions are just what, as a new country, America appreciates the most. I am too much of an American to subscribe to a Tory policy, so here I am as a Liberal."

Mrs. Hoffman said she started her career as a public speaker when her

rural dean asked her to open bazaars and preside at other church functions. She found she could think on her feet and was soon in demand. Then the Liberals asked her to be a candidate and she agreed.

Speedboat Beats Record Made by Robert E. Lee

St. Louis, July 25.—(P)—Dr. Louis Leroy's speedboat, the Bogle, docked at St. Louis at 6:35 a. m., today, clipping 2 hours and 43 minutes off the 50-year-old record of the Robert E. Lee, for a boat trip from New Orleans to St. Louis.

The record 1,164 mile trip over the Mississippi River was completed in 87 hours and 31 minutes, while the record of the packet Robert E. Lee, made in 1870, was 90 hours and 14 minutes.

Dr. Leroy ignored one scheduled refueling stop at Chester, Ill., in his dash over the final 50 miles of the stretch to reach the city wharf to set a new mark.

The Robert E. Lee's record, which had stood despite many attempts to better it, was made in a race with the Natchez, which ended July 4, 1870.

PLANS FOR DEVELOPMENT OF PAMPA BEING DRAWN

Pampa, Texas, July 25.—John E. Surratt, secretary of the Kessler Plan Association of Dallas, has made a study of the city of Pampa with reference to planning further development of the city's public interests. After a careful survey of the city he addressed the Chamber of Commerce luncheon club and discussed the laying out of parks, the narrowing of the paving in the residential streets, and the planning of future additions with the idea of making Pampa a more desirable city in which to live. He laid stress upon the point that the cities that are the most livable are the cities that grow.

From Pampa he went to Clarendon, and thence to Memphis, where he will make a survey of these cities.

PLEDGES OF CURTAILED NAVY BUILDING HAILED AS PROMISE OF DISARMAMENT AGREEMENT

(By The Associated Press)
Washington, July 25.—(P)—Pledges of curtailed naval building from both Great Britain and America were hailed in Washington today as indications of an approaching agreement upon the troublesome problem of disarmament.

Even more significant, perhaps, was the new spirit of cordiality and co-

operation that has entered the negotiations and has been interpreted by President Hoover as evidence that the two nations are no longer to be competitors in the construction of vessels of war but are to work together as friends in reducing their number.

With the promulgation of the Kellogg treaty relegating warfare to a

place beyond the pale of the laws of nations came important pronouncements from London and Washington upon which are pinned the hopes of both governments that an agreement is not far away.

Addressing the House of Commons, Premier MacDonald announced that Great Britain and America had agreed upon parity, qualified by a degree of elasticity to meet the needs of both nations, as the underlying principle of disarmament discussions. He said further that work on two British cruisers was to be suspended, the construction of a submarine depot ship and two submarines cancelled and dock-yard work retarded. In addition he announced his intention of visiting the United States in October.

Quick to respond, President Hoover announced that the construction of three cruisers of this year's building program would be postponed until there is an opportunity to consider their effect upon an agreement for parity, which, he added, he expected to be reached. He welcomed MacDonald's proposed visit and spoke of the "real satisfaction" with which he had read press reports of the Prime Minister's address.

Through both statements ran a tone of cordiality and good will that brought many comments of pleasure from officials here and was regarded by many as one of the most important outcomes of the discussions that have gone forward in the last few months.

The cruisers referred to by the President are among those authorized by the fifteen cruiser law, which specified that they should be laid down at stated intervals within a period of three years. Mr. Hoover can postpone their construction until the end of the current fiscal year, more than eleven months away, and in the meantime he hopes for important developments in the move for a disarmament agreement. The original intention was to begin work on the vessels in the fall.

On Capitol Hill there was much favorable comment from members of both parties on the day's developments, while objection was voiced by Chairman Britten of the House naval committee.

Immortalized by James Fenimore Cooper, the dwindling remnants of the famous Mohican tribe, now known as the Stockbridge Indians, live at Shawano, Wis.

ELECTRA GIRL FRUSTRATES ATTEMPTED AUTO THEFT

Electra, July 25.—Miss Pauline Childs, cashier of a local theatre, thwarted efforts of three men in getting away with an automobile belonging to her brother-in-law, Jack Prince, oil operator, Monday night and caused the arrest of one while two made their escape after a chase by officers.

She saw the trio enter the car and ran to it, ordering them out, as one was attempting to back it out from a parking place in front of the theater where she is employed. The man arrested is reported to be wanted for investigation in connection with a burglary case at Sherman, according to a message received from Grayson County officers.

LEAVES TO ATTEND BEAUTY SCHOOL IN NEW YORK CITY

Mrs. R. H. Bratton of Vernon leaves this week to go to New York City where she will attend a ten-day lecture course at the Elizabeth Art and Beauty School. Mrs. Bratton is in charge of the Perkins-Timberlake beauty and notions departments. She will also make purchases for the notions departments while in New York.
